The Auto Maintenance and Repair Expo (AMR) is Asia's largest trade show dedicated to the very latest products and innovations for car care, repair, maintenance and parts. With over three decades of history, this is a must-attend event for global players looking to tap into China's and Asia's aftermarket service sectors, where a whole host of untapped opportunities lie.

Key opportunities in China's automotive aftermarket

1. In December 2017, China's car ownership reached 217 million, ranking the country as the 2nd largest worldwide. Private cars accounted for 78% of vehicles, with a total of 170 million on the streets.

2. There were around 350 million car repairs and 4.5 million auto rescues in 2017, with an output value of 700 to 750 billion RMB. By 2020, the value of China's automotive aftermarket segment is estimated to reach USD 214 billion, driven mainly by repair and maintenance services.

3. By the end of 2017, there were around 450,000 registered auto workshops in China. In the previous year, the market was distributed across three classes of auto workshops:

4. In 2016, there were 2,768 automotive test stations in China, and a rapid growth rate of 9.7% with over 26 million test car.

AMR – an international business platform for China's aftermarket service sectors

Asia's leading automotive maintenance, repair and car care show

As a top purchasing platform for the Chinese aftermarket, AMR aims to provide comprehensive solutions for repair and maintenance, and extending to car care as well as spare parts. It connects China with the rest of the world.

AMR helps master the evolving industry landscape

AMR has a strong reputation in China and Asia Pacific with 36 years' history. The show is regarded as a must-attend event in the automotive aftermarket for the global purchase market as well as the Asian market.

A comprehensive purchasing platform with high quality global buyers

AMR 2018 attracted 57,117 visits from 70 countries and regions. 90% of these were local distributors and superior end-users such as workshops, 4S shops, trading companies, chain stores, car care shops, and tyre shops. What's more, 84% had full or partial influence on purchasing decisions.

Combined forces making the show stronger than ever

As the newly-formed joint venture, Messe Frankfurt Traders-Link (Beijing) Co Ltd, aims to enhance the internationalism and broaden the industrial chain of AMR 2019.

Multiply your networks and expertise

AMR 2018 featured more than 30 concurrent events to keep participants informed of the latest market trends, as well as to share and exchange market insight and technical know-how.
